### Press Release

#### **Kansas Car Shows Inc. ( 501c3 ) Announces New Date and Location for the 2024 Automobilia Moonlight Charity Car Show and Street Party.**

**Wichita, Kansas, June 19th 2024,**

Today Kansas Car Shows Inc, the 501c3 that governs the Automobilia Moonlight Charity Car Show and Street Party, has announced the need to move the date and location for 2024 Automobilia Moonlight Charity CarShow and Street Party after being directed by the City of Wichita to move the car show to the east of Washington Ave on Douglas Ave. The City of Wichita cited safety concerns with the size of the show in the Old Town Area. After 29 years in Old Town we believe this event brings a positive and safe environment to downtown Wichita.

After weeks of negotiation with the City of Wichita, the board of Kansas Car Show Inc. has agreed to locate the show to the East of Washington down to Grove Streets on Douglas Ave. The new date for the show will be on August 3rd, 2024. Because half the show foot print has shifted to the east, extra time is needed to plan for the new area on Douglas to make the show as safe as possible for our sponsors, vendors, participants and spectators. We also need extra time to work closely with the businesses and residence of the new show area to make sure all concerns are addressed. We want to make sure this is a positive experience for everyone.

This will be the 30th Anniversary of the Automobilia Moonlight Charity CarShow and Street Party. This is Wichita's Largest and the State of Kansas Free CarShow. Spectators and Show Vehicles are free to attend. This is a community free event that gives back to local charities.

The maps provided below shows the new area required by the City of Wichita.
